Swing for Disability Inclusion 2026

Singapore's premier business fundraising event for disability inclusion

16 October 2026 | Tanah Merah Country Club

Bringing together business leaders, philanthropists and corporate partners to create opportunities for persons with disabilities through the arts.

ABOUT ART:DIS

ART:DIS a non-profit organisation (formerly known as Very Special Arts) was established in 1993 by Ambassador-at-large Professor Tommy Koh.

We are the peak Arts & Disability organisation in Singapore that champions the learning and livelihood opportunities for persons with disabilities (PwDs) in and through the arts.

Through our 3 centres and partnership programmes, we provide community arts programmes to enable close to 800 PwDs to develop their artistic interests, grow their self-confidence and engage them as active members of a supported community, outside of and beyond formal education.

Our parallel professional development pathways further supports artistic excellence and provide platforms to showcase professional disabled artists in Singapore.

Join Singapore's business leaders in driving disability inclusion

Singapore's business community coming together for disability inclusion.

Every year, hundreds of persons with disabilities come to ART:DIS to pursue their interests, develop professional skills and prepare for employment.

Yet many continue to face barriers to quality training, meaningful jobs and economic participation.

At ART:DIS, we believe disability should never determine opportunity.

Your partnership helps create pathways that enable disabled individuals to learn, work, earn an income and participate fully in society.

Together, we are building a future where opportunity is accessible to everyone.
